### SOCIALISTS MAKE CHARGES AND COUNTER CHARGES

MARVIN BROWN ET AL. REFUSED RE-INSTATEMENT IN OKLAHOMA CITY LOCAL.

Oklahoma City, Jan. 1.—The last day of the socialist convention in Oklahoma City was taken up with internal dissension in the party and effort on the part of the leaders to rid the organization of alleged grafters and "unfaithful members." Charges were preferred on the floor of the convention against J. M. Gilmore of Antlers, socialist candidate for congress in the Fourth district in the recent election, and J. H. Holcomb of Frederick. Both cases were referred to the executive committee and will be decided later.

The dissension arose over the attempt of C. H. Armstrong, G. W. Davis and Marvin Brown, all of Oklahoma City, to get a resolution adopted by the convention that the local in Oklahoma City should reinstate them to membership. All were expelled from the local in Oklahoma City last year after they had started a newspaper called the "Industrial Democrat," and supported the railroad amendment, contrary to the policy of the state organization. The convention went into committee of the whole to consider the resolution,

and after an investigation, voted it down.

This led to other investigations, and Oscar Ammeringer of Oklahoma City in an impassioned speech denounced a certain candidate of the party in the recent election, as having received money from republicans. He mentioned no names. H. H. Stallard, candidate for congress in the Fifth district demanded that the investigation follow that no suspicion should rest upon him. The result was that charges were preferred against Gilmore. He claimed that the money was private loans from individuals and that it is to be repaid. His final hearing will be held on January 5.

J. H. Holcomb was accused of being a railroad detective and in the employ of the Orient line. It is said that he used his position in the party to further the interests of the railroads. J. Luther Langston, secretary of the State Federation of Labor, gave evidence damaging to Holcomb. His case has not been decided.

#### Oklahoma Census Figures.

Washington, Dec. 31.—The population of Kingfisher, Ok., announced today, is 2,533, a gain of 10 per cent over 1900, when the population was 2,301. The population of Claremore, Rogers county, Ok., is 2,866. There was no Claremore in the census records for 1900.

### MRS. R. S. TOBIN BADLY HURT

COOKING STOVE EXPLODES THIS MORNING, PIECES STRIKE HER IN THE FACE.

Mrs. R. S. Tobin was painfully, if not seriously injured this morning about six o'clock by the explosion of the cook stove while she was making preparations for breakfast.

Evidently she was facing the stove when the explosion occurred; for flying pieces of the debris struck her forehead and cheek and under the eye leaving ugly wounds, covering her in soot and ashes.

She was taken to R. W. Simpson's where medical attention was given her and where she is resting quite well at present, though she was stunned and badly shocked at the time.

The explosion demolished the stove, blew a hole in the wall, broke out a window, in short, wrecked the kitchen. The remarkable thing is that Mrs. Tobin escaped with her life and the house was not burned.

The heating of the water in the front before the water pipes were thawed thoroughly is a probable explanation of the catastrophe. The noise made by the explosion was heard by several of the residents of that part of town who said it fairly shook the earth. W. C. Duncan heard Mrs. Tobin scream and rushed over and found that Mr. Tobin who had stepped out of the house only a moment before the accident, had already reached his wife. He also found some paper on fire in the pantry, this he extinguished and probably saved the house from disaster.

### YOUR HELP IS NEEDED

UNITED CHARITIES HAS MANY CALLS FOR ASSISTANCE FROM WORTHY POOR.

### CLOTHING AND FUEL NEEDED

Send Your Contributions to W. B. Jones, Clerk's Office, at the City Hall.

The extreme cold weather this morning brought in numerous calls on the United Charities for help. W. B. Jones says that the main thing needed just now is clothing and shoes for women and children and fuel. There are many worthy poor in Ada, who through no fault of their own, are facing suffering which can be easily relieved by the good people of Ada. They have done much in the past, but Mr. Jones says the supplies on hand are about exhausted and must be replenished if the work of the organization is to be carried on without interruption.

Knowing as we do something of the work of this body of charitable workers during the past year, the News not only warmly approves of it but desires to urge our citizens to extend a helpful hand. You can do this without the least inconvenience to yourselves in most instances, and even if a little sacrifice is incurred on your part you can afford it when it will mean so much comfort to others less fortunate than yourselves. If you have any clothing you can spare, send it to Mr. Jones. To purchase fuel and other necessities, make a liberal cash contribution. Every case is investigated and you can rest assured that whatever you contribute will go to those who need it. Many a thin clad child can be clothed and many a family shivering around a cold stove can be made comfortable by a small contribution, so give this call your earnest consideration.

#### Appointed to Clerkship.

Ardmore, Ok., Dec. 31.—Gov.-Elect Lee Cruce today appointed Ben Watt of the New State Tribune, Oklahoma City to the position of executive clerk in the governor's office. Of the four appointments announced by Mr. Cruce, three are from the newspaper fraternity.

### TWO FAMOUS AVIATORS KILLED

Moisant and Hoxsey Lost Control of Machines and are Dashed to Earth.

John B. Moisant and Arch Hoxsey, aviators extraordinary, were killed Saturday. Both fell out of the treacherous air with their machines—neither from a great height—and Moisant's remaining minutes of life were so few as to count as naught. Hoxsey was killed instantly.

Moisant met his death at 9:55 a. m. attempting to alight in a field a few miles from New Orleans. Hoxsey, who went into the air early in the afternoon at Los Angeles, lay at 2:12 p. m. a broken, crushed, lifeless mass in plain view of the thousands who were watching the aviation tournament.

Thus the last day of 1910, in bringing the total number of deaths of those who have sought to fly to thirty-five, capped the list with two of the most illustrious of aviators who have been writing the history of aviation in the sky of two continents.

**Moisant Aviator of Recent Fame.**  
Moisant, a Chicagoan by birth, after an adventurous life in Central America, began aviation in France

less than a year ago. He soared into public recognition through his plucky flight from Paris across the English Channel to London with a passenger, and later, finding himself without a machine, by buying one from a friend, and within ten minutes starting on his winning flight from Belmont Park, New York, around the Statue of Liberty for a prize of \$10,000.

Saturday a sudden puff of wind caught him within 100 feet of the earth, turned his machine over and terminated his career.

#### Hoxsey Altitude Record Holder.

Arch Hoxsey, after a year of uniform success with the Wright aeroplane, in which he had come to have a name for fearlessness and confidence in the air and in which, only within the week, he had set a new world's altitude record of 11,474 feet and then to show his contempt for the earth, had sailed majestically more than 4,000 feet above the highest mountain in California, ran afoul of the same kind of shifty, boiling, treacherous wind, when some 500 feet in the air and a minute later, a horrified crowd aroused from its shock, was rushing madly to where a broken mass of humanity lay beneath broken spars.

Both met death in almost the same manner. Each machine was headed for the earth and suddenly seemed to stop, hover in the air, then turn over onto its nose and dive headlong to the earth.

Moisant's machine was a Bleriot monoplane and in addition to the heavy engine in front of the main planes, he had fastened a plan holding thirty-five gallons of gasoline.

Aviation experts believe a sudden puff of wind stopped his machine dead in the air and the heavy weight ahead dragged the light framework to the ground. From his position partly back of the main planes, Moisant was flipped out clear of the machine and struck the ground on his head, breaking his neck. He died on a flat car, on which he was being rushed to New Orleans.

### TOM CARDWELL CELEBRATES BIRTHDAY

Yesterday it was the pleasure of the editor and the business manager of the News to be members of a little party that assembled at Tom Cardwell's restaurant to join in the celebration of his fifty-first birthday.

A long table was spread and loaded down with every good thing imaginable. It was served in just the old home fashion to make one feel at his ease and enjoy the dinner without any formality. A big turkey was the first center of attraction, and it was cooked in a manner that would tempt the appetite of a king. Then followed other good things too numerous to mention, among which were a banana cake, Mr. Cardwell's favorite, a nut cake and a big fruit cake, all three of which were made by Mrs. Cardwell, a lady whose skill in preparing a dinner of this kind cannot be surpassed. Responding to the cordial invitation to eat more and not to quit so soon, the guests disposed of a surprising amount of the good things, and stopped only when it was impossible to eat another bite. The host was looking like the picture of health and when he received the wishes of the guests for many happy returns, there seemed to be no doubt that these sincere wishes would be realized.

The guests of the occasion were J. T. Trimm and wife, A. B. Collins and family of Roff, Frank McMan, A. B. Yeager and Byron Norrell.

#### Holden-Taylor.

This morning the marriage of Mr. Joseph Holden and Miss Lucy May Taylor was solemnized at the home of the bride's parents, J. M. Taylor and wife on 12th street, Rev. C. Stubblefield officiating. The happy young couple took the south bound Katy for Denison, where they will spend their honeymoon.

The bride has lived among us for a number of years. She is a young lady of refinement and accomplishments and numbers her friends by the score. The groom is a most exemplary young man. He has been employed for a long time in the cotton offices of Frierson Bros. and bears an excellent reputation among those who know him best.

### DRAWS \$500 AND 6 MONTHS

J. R. RIVES OF STONEWALL CONVICTED OF UNLAWFUL POSSESSION OF LIQUOR

### COUNTY COURT GRINDING

State Asks That John Allen Be Dismissed as Guardian of His Son Randall.

County court convened this morning, and in his usual energetic manner Judge Barton set the wheels of justice in motion. Tardy jurors did not fare well at his hands, as it is his notion that things about a court should move on business principles and according to schedule.

The morning was taken up with the trial of J. R. Rives, Doc Rives and Ed Rives of Stonewall on a charge of having liquor in their possession unlawfully. The jury gave J. R. Rives the limit, \$500 and six months in jail. The other two defendants were acquitted. L. L. Stokes was charged with being connected with the same deal, was unable to be present and his case was continued.

This afternoon the court took up the motion of the state to dismiss John Allen, of Ahloso, as guardian of his son Randall and is still in progress.

### NOISY WELCOME TO NEW YEAR

About half the town must have been awake Saturday night to welcome the New Year, and the other half had to wake up when the others broke loose. Every whistle and bell as well as every gun that the watchers could get hold of was turned loose at midnight, and for a few moments the New Year received a most uproarious welcome from the citizens of Ada. The people had reason for being pleased with the prospects of the coming year and it was only natural that they should give vent to their joy.

Miss Ethel Gaar, who has been spending the holidays with her parents near Center, returned to her school work at Weleetka this morning. She was accompanied by Miss Iola Terrell who spent Christmas with her.

Miss Mamie Matthews returned from Roff yesterday. She was accompanied home by Misses Minnie Belle and Minnie Rea of Roff.

During the past year 4,870 miles  
of railroad was constructed in the  
United States. Oklahoma ranked  
seventh with 210 miles.

After a careful reading of numer-  
ous exchanges, we are inclined to  
believe that throughout the state  
there has never been a more quiet  
Christmas than the one just passed.

The joke about Christmas cigars  
doesn't catch on in Oklahoma. Our  
population has become so used to  
the campaign cigar that the Chris-  
mas article is excellent by compar-  
ison.—McAlester News-Capital.

Speaking of speed accelerators,  
how about this cold wave? Our citi-  
zens have been making some record  
breaking runs all day when com-  
pelled to be out of doors any length  
of time.

Among the improvements for 1911  
the News hopes to see a modern op-  
era house built. No other town in  
the state the size of Ada can be  
found without one. That is the only  
thing the town lacks to make it right  
up to the notch.

The Oklahoma City papers say  
that there was almost a riot at  
Guthrie when the state treasurer be-  
gan moving the belongings of his  
office to Oklahoma City. The Guth-  
rie papers say it's a lie. You can

take your choice, for we confess we  
don't know.

The daily edition of the El Reno  
American, for years one of the lead-  
ing republican papers of the state,  
has been suspended. Frank Greer,  
editor of the Guthrie State Capital,  
is said to be looking for a govern-  
ment job. Republican papers have  
not thrived in Oklahoma since state-  
hood, and their obituary notices are  
becoming very numerous.

We are in receipt of a communi-  
cation from some one signing him-  
self "A Trustee" in which the writ-  
er calls us down for our stand on  
the question of abolishing township  
organizations and creating the office  
of county tax assessor. He also in-  
timates that Jno. Crawford and W. F.  
Semple, whom we quoted as being  
in accord with our views, will not  
be the whole show when they go to  
the next meeting of the legislature.  
We will publish the article as soon  
as the writer lets us know who he  
is, but we don't make a practice of  
publishing anything unless we know  
who the author is.

The Guthrie State Capital offers  
fourteen reasons in support of its  
statement that Guthrie is still the  
capital of Oklahoma. None of these,  
however, seem as convincing as the  
one Oklahoma City offers—the cap-  
ital has already been removed, and  
the officers are established in their  
new quarters. Guthrie's plight re-  
minds one of the old story of the  
young lawyer who was sent for by  
an Irishman to get him out of jail.  
After hearing his client's tale, the  
attorney exclaimed: "Why, Pat, they  
can't put you in jail for that." "The  
hell they can't," snorted the son of  
Erin, "Don't you see I am in?"

A peculiar state of affairs exists  
at Muskogee in the case of Kid Kel-  
ly, who prior to statehood was sen-  
tenced to be hanged for murder.  
While his appeal was pending state-  
hood came and now the state refuses  
to take any further action, maintain-  
ing that it is a federal case, and the  
federal authorities likewise decline  
to take a hand, saying that the case  
should be transferred to the state  
courts. Neither side seems especial-  
ly anxious to hang the man, and he  
growing a trifle tired of jail, life,  
has begun habeas corpus proceed-  
ings to secure his freedom.

### WE THANK YOU.

In wishing our many friends and  
patrons a Happy New Year, the News  
desires to thank you one and all for  
your many favors and cordial sup-  
port during the past year. Of course  
a newspaper man is the subject of  
more or less criticism, but the pat-  
ronage accorded the News is ample  
evidence that our patrons recognize  
and appreciate our efforts to give  
Ada a paper the equal of any in the  
state for a town the size of ours.  
We have put forth our utmost en-  
deavor and there is satisfaction in  
knowing that the public, for the most  
part, gives us credit for what we  
have tried to do, even though we  
have not always come up to our own  
ideas of what we would like to do.  
The New Year has dawned with  
bright prospects for the News, and

we have made but one resolution—to  
put forth every effort of which we  
are capable to give our readers and  
patrons better service than ever be-  
fore. Again we thank you and wish  
one and all a prosperous voyage  
during the year 1911.

### WHY WEST WAS FEELING GOOD.

Late Saturday afternoon Judg.  
Howard West dropped around to the  
News office about the happiest man  
we have seen lately. He said he had  
good reason for his glee, and when  
he explained his case we agreed with  
him.

Sunday morning while waiting at  
Wister for a Rock Island train, he  
and several others went to a hotel  
for breakfast. An eastbound train on  
which several of the party intended  
to leave was marked forty minutes  
late, but about the time breakfast  
was ready it pulled into the sta-  
tion. A general scurrying took place  
and some one grabbed the judge's  
grip and got away with it. As it  
contained some deeds, leases and sev-  
eral other very valuable documents  
that might have involved an expendi-  
ture of several hundred dollars, his  
feelings can be better imagined than  
described. He wired after the train  
but could not catch it until it reach-  
ed Booneville, Ark., but the conduc-  
tor evidently made no attempt to lo-  
cate the missing property. From  
there he went to McAlester and de-  
cided to make one more attempt to  
get back that valuable grip. He wired  
to the conductor on the run east  
from Little Rock, but hearing nothing  
returned home on the verge of  
nervous prostration. Saturday after-  
noon, however, there came by ex-  
press that grip. Not a thing was  
missing from it. Therefore, we agreed  
with him that he had good reason to  
celebrate the occasion.

### COMMISSION RE-NAMED.

Its Duty to Superintend Construc-  
tion of the Free Capitol.

Oklahoma City, Dec. 31.—After be-  
ing appointed by the governor and  
subsequently dissolved by action of  
the supreme court, the capital com-  
mission is in existence again. Gov-  
ernor C. N. Haskell, Saturday, re-ap-  
pointed the commission. He named  
the same men whom he named some  
months ago. They are Tate Brady  
of Tulsa, Dr. Leo Bennett of Musko-  
gee and Boone Williams of Lehigh.

The commission is to superintend  
the building of the free state capitol,  
for Oklahoma, to handle all money-  
let contracts and superintend the  
construction of the capitol, until it  
is completed. The commission was  
appointed by Gov. Haskell following  
the general state election, which lo-  
cated the capital in Oklahoma City.  
Following their appointment the su-  
preme court held that the legisla-  
ture would have to get on the bill  
before it became valid. This action  
dissolved the capital commission.  
Governor Haskell subsequently called  
a special session of the legisla-  
ture, which located the capital in Ok-  
lahoma City. Five days ago he signed  
the capital bill, as passed by the leg-  
islature, following which he again  
appointed the capital commission.

A secretary to the commission, prob-  
ably will be named soon.

A Medicine That Does Not Cost Any-  
thing Unless It Cures.

The active medicinal ingredients  
of Rexall Orderlies, which are odor-  
less, tasteless and colorless, is an  
entirely new discovery. Combined  
with other extremely valuable in-  
gredients, it forms a perfect bowel  
regulator, intestinal invigorator and  
strengtheners. Rexall Orderlies are  
eaten like candy and are notable  
for their agreeableness to the palate  
and gentleness of action. They do  
not cause griping or any disagree-  
able effect or inconvenience.

Unlike other preparations for a  
like purpose, they do not create a  
habit, but instead they overcome the  
cause of habit acquired through the  
use of ordinary laxatives, cathar-  
tics and harsh physic, and perma-  
nently remove the cause of consti-  
pation or irregular bowel action.

We will refund your money with-

## HASKELL CALLS FOR MILITIA

WHEN GUTHRIE JUDGE GETS GAY  
GOVERNOR PREPARES FOR  
QUICK ACTION.

Guthrie, Ok., Dec. 31.—Angered  
over the issuance of a citation for  
contempt against State Treasurer  
Menefee in connection with the re-  
moval of the seat of government  
from Guthrie to Oklahoma City by  
District Judge Huston this afternoon,  
Gov. C. N. Haskell ordered Col. Roy  
Hoffman, commanding the Oklahoma  
National Guard, to have two com-  
panies of infantry in readiness to  
proceed to Guthrie on notice.

Col. Hoffman gave the necessary  
orders to companies at Chandler and  
at Tulsa, but inquiry tonight devel-  
oped they had not been assembled. Nev-  
ertheless, the men have been notified  
and would be brought to Guthrie, the  
Governor said, by special train if the  
situation demanded it.

### "Would Arrest Judge."

It is understood from an authori-  
tative source that the militia order will  
not be extended unless there is an  
attempt to prevent hauling of the  
state's property from the State House  
to the loading trucks in the Santa Fe  
yards. As yet this has not been at-  
tempted by any individual or legal  
tribunal in Guthrie. If it is, according  
to a statement from the governor, he  
"would put the judge in the guard-  
house."

The process over which the distur-  
bance arose was from the District  
court requiring the State Treasurer  
to appear and show cause why he  
was not in contempt of court, and  
when drivers of the wagons witness-  
ing the services ceased their hauls,  
word came from Judge Huston that  
the transfer of state property did not  
concern the court. That, the judge  
said, was entirely up to the state  
treasurer, who would be held to an-  
swer on a contempt charge. In the  
meantime work of removal continued  
tonight.

Guthrie awoke to the realization  
today that it had lost the state cap-  
ital when large truck loads of furni-  
ture and records of many of the de-  
partments were taken to freight de-  
pots and consigned to Oklahoma City,  
and the Supreme court announced  
that it would begin holding sessions  
in Oklahoma City Tuesday morning.

### Guthrie's Suit Filed.

Attorneys representing Guthrie filed  
their suit this morning question-  
ing the legislature's power to re-  
peal an ordinance of the constitution-  
al convention by changing the seat  
of government. The act in question  
was approved by Gov. Haskell Thurs-  
day night. Notice of the suit, as well  
as of Guthrie's intention to apply to  
the Supreme court Tuesday morning  
for a permanent injunction, was served  
by the court's bailiff upon the de-  
fendant state officials. The case will  
then be set for hearing.

A flurry of excitement was caused  
this afternoon when Sheriff John Ma-  
honey of Logan county walked into  
the office of state treasurer Menefee  
and served a summons citing the  
treasurer to appear in the district  
court Monday at 10 a. m. and show  
cause why he was not in contempt for  
having attempted and partially re-  
moved the records of his office to Ok-  
lahoma City.

Relying upon the court's injunc-  
tion of June 11, which the Supreme  
Court sustained, the allegations were  
made by County Attorney Hepburn  
that the state treasurer was doing  
business in Oklahoma City. It has  
been the claim of Guthrie that the  
injunction would remain in effect un-  
til dissolved, and that it was in-  
cumbent upon the officials to ap-  
pear in court with such application  
for dissolution.

Revival of the District Court's case  
will bring into question the legisla-  
ture's special act giving exclusive  
jurisdiction to the supreme court in  
removal cases, as well as the act  
of the legislature changing the seat  
of government.

The court's order announces that  
notice has been served on Supt. Cam-  
eron, State Auditor Trapp, State Ex-  
aminer Taylor, members of the  
Board of Affairs and Corporation  
Commissioners that the temporary  
injunction of June 11 was still in ef-  
fect. Service of the contempt citation  
did not appear to affect the situation  
as after a short delay the trucks re-  
sumed their route between the  
state house and loading tracks.

Carl Meadors, who has been em-  
ployed for some months past by the  
Hale-Halsell people at Muskogee,  
arrived yesterday for a short visit  
to relatives here. He will go to Tex-  
as, where he will probably locate  
and engage in business.

## Carter-Stice.

Walter Carter, who has been with the News for the past month, has been trying to work us all the time, but yesterday the tables were slightly turned on him. In other words, Mr. Carter has been passing himself off for a married man, speaking often of his wife, who he said, was at Oklahoma City. Saturday he announced his intention of going to Oklahoma City Sunday in the new Katy train to bring his wife to Ada. And he—did.

The fact was that he was really going to the city to be married. When he arrived there, however, he learned what real trouble was. He could not find the license clerk anywhere, and soon realized what troubles marriage brings to a man. However, he was equal to the emergency. He phoned back to Ada and the license was secured here and on the arrival of the train Rev. C. Stubblefield pronounced the words that made him and Miss Frankie Stice man and wife.

Mr. Carter has been with us long enough to prove himself a most excellent and industrious young man, who we are proud to count among our friends. We have not had the pleasure of meeting the bride yet, but from what we know of Mr. Carter we are certain that she is a most estimable young lady whom any man might be proud to win. We extend our heartiest and best wishes to the young couple.

Among the Ada people who took a trip to Oklahoma City yesterday morning on the new Katy train were Roy Hall, Steve Hounshell, Jim Dismukes, Cathel Tanner and Homer Matthews.

### TAFT AT WORK FOR 1912.

Has Already Delegated Loeb to Lead New York's Backing for Another Nomination.

Washington, Jan. 1.—President Taft's plans to capture another nomination for the presidency in 1912 have taken such definite shape that several of his close political advisers have already been commissioned to take up the work of delivering Taft delegates at the next republican national convention.

Most important of the selections already made by the president is that of William Loeb, Jr., collector of the Port of New York. The president has the utmost confidence in Mr. Loeb's political sagacity and is aware of his intimate knowledge of New York state affairs.

While President Taft's friends are looking for delegates in many sections of the country, the president himself is chiefly concerned about New York state. He realizes the great advantage any candidate for the nomination would have with a solid New York delegation at his back, and he is fully aware of the tremendous handicap of any candidate contesting for the nomination without New York State. The president, therefore, wants to go to the next convention with New York state at his back, and he has delegated Mr. Loeb to deliver the Empire state delegates en bloc.

### Mrs. Drummond Entertains.

Mrs. C. R. Drummond had a very charming afternoon at 500 Friday complimentary to her mother, Mrs. Smith of Weleutka. Attractive decorations in the Xmas colors were used throughout the house. After several merry games the hostess assisted by Mesdames Drummond and Mays served a delicious salad course to Mesdames Beck, Rodarmel, Tobin, Frierson, Torbet, Jones, Thompson, Higgins, LeFevre, Barney, Hart, King, Mays, Austin, Mrs. C. H. Frierson, J. E. DeLong of Tusculumbia, Ala., R. O. Cribbs of Memphis, Tenn., Mrs. Wilson of Jefferson, Tex., Misses Mason, Edmiston, Beck, Epperson.

### WEATHER FORECAST.

Tuesday—Fair and slightly warmer.

### Some Real Winter Weather.

The government weather forecast for yesterday indicated rain or snow for Oklahoma, with a cold wave for last night and today. The first part of the forecast was decidedly wrong, for the new year opened with as bright and clear a day as we have ever seen, but the second part was entirely correct. At 3 o'clock in the afternoon the cold visitor from out of the north struck the people of Ada full in the face and they have found that winter is undoubtedly with us. The thermometer took a headlong leap for the bottom and never stopped until it reached three degrees above, as was shown by the government thermometer at the normal. Prof. Howerton states that this is the lowest temperature registered by the instrument during the year it has been in the possession. Fortunately the day has been clear and the sight of the sun always takes some of the sting out of the north wind.

### New Year Greetings.

In wishing our many friends and customers a Happy New Year, we desire to thank them one and all for their liberal patronage during the past year. We are especially grateful for their sympathy during our time of \fortune in the early fall. We hope to merit a continuance of your trade during the coming year and will be in a better position than ever to meet your every demand.

### GRAND LEADER.

L. Rosenfield, Prop.

### The Week of Prayer at Presbyterian Church.

The First Presbyterian church decided yesterday to observe the week of prayer. The services will begin promptly at 7:30 p. m. and last about 45 minutes. The subject for this evening will be "The World's Approach to God." The Scripture references are Rev. 11:15, 1 John 3:10-11, Psalms 72:2-4, Psalm 50:7-12, Zech. 14:20. There is no better way in which we can prepare ourselves for the duties, obligations, responsibilities and opportunities of the New Year than by spending a part of each evening of the first week in worship. The church building will be comfortably heated, and the nature of the services will be spiritual and devotional. Your presence will be appreciated.

### FAT MAN IN STOLEN CLOTHES

Police Stop Man of Enormous Proportions and Find Him Arrayed in Many Suits.

New York.—"That fellow just ahead is a lot too fat for his height," said Acting Captain McLaughlin of the Alexander avenue police station to Patrolman Foster as the two were strolling along Third avenue. "He does seem about as broad as he's long," assented Foster. "Let's follow him," said McLaughlin. So the policemen trailed the fat person to the bridge at One hundred and Thirty-fourth street and Third avenue and there stopped him. Inspection showed that he was wearing an unusual amount of clothing. "What's the matter with you?" asked McLaughlin.

"I was sick and afraid I'd take cold," was the reply. The walking clothing store was peeled in the police station. The police say he wore twelve coats, six pairs of trousers, an waistcoat, and one unfinished skirt of the hobbie variety. He did not exactly wear the skirt. It was strapped around his waist.

The prisoner said he was William Young, twenty-four years, a plasterer, with no home except when he lived with his sister at Paterson, N. J. McLaughlin says Young admitted that he broke into a tailor's shop at Glover and Westchester avenues and took the clothing.

One of the sons, aroused by a prompt alarm clock had enough strength to call for help before he became unconscious. All four collapsed, but will recover.
